# CONTENTS

	Preface .....	7
	Acknowledgments .....	9
	Steel pan history .....	10
	The steelband .....	12
	Methods for steel pan making .....	13
<b>I. PRACTICAL SECTION</b>	<b>Making and Tuning a Steel Pan</b>	
	1. Choosing the drum .....	15
	2. Sinking .....	17
	3. Marking of notes .....	25
	4. Backing .....	28
	5. Grooving .....	31
	6. Levelling .....	35
	7. Cutting the drum .....	39
	8. Tempering .....	39
	9. Tuning .....	43
	10. Holes for hanging .....	57
	11. Fine tuning .....	58
	12. Finishing .....	59
	13. Blending .....	61
	14. Stands .....	62
	15. Sticks .....	63
<b>II. FUTURE</b>	<b>Developments, Innovations and Experiments</b>	
	16. Innovations regarding the instrument .....	67
	17. New tools and crafting methods .....	73
	18. Standardization .....	77
<b>III. THEORY</b>	<b>Acoustic Function of the Steel Pan</b>	
	19. Music acoustics .....	78
	20. Tone generation in steel pans .....	86
	21. Material .....	93
	22. The "sink" .....	96
	23. The groove .....	97
	24. The note .....	98
	25. Layout .....	104
	26. The skirt .....	106
	27. Sticks .....	108

## IV. APPENDICES

### Layouts, Measures and Tools

A. Measures for common steel pan models .....	110
Definition of measures .....	110
Tenor (Soprano).....	113
Double Tenor (Alto).....	118
Double Second (Tenor) .....	122
Quadrophonic Pan .....	126
Four Pan .....	129
Double Guitar Pan .....	132
Triple Cello (Baritone) .....	135
Tenor Bass .....	138
Six Bass .....	140
Nine Bass .....	143
Note sizes .....	145
Templates for sinking .....	146
B. Tools for pan making .....	152
List of tools .....	152
Sinking sledge-hammer .....	154
Shot-put .....	155
Backing hammer .....	155
Punch .....	156
Grooving hammer .....	156
Smoothing hammer .....	156
Tuning hammers .....	159
Bending iron.....	159
Wedges to raise notes .....	160
Tuning stick .....	160
Tuning device .....	160
C. Measures for sticks .....	162
D. Steel drums for panmaking .....	163
E. Definitions of vocabulary .....	164
The instrument .....	164
Names of the steel pan models .....	164
The parts of a steel pan .....	165
Technical terms .....	166
F. Names and addresses .....	167
Professional tuners .....	167
Organisations .....	168
Companies .....	169
